

Volume Controller AP-VCF 24V Relay Override Volume Controller

- AP-VC5F 6W 24V Relay Volume Controller**
- AP-VC30F 30W 24V Relay Volume Controller**
- AP-VC60F 60W 24V Relay Volume Controller**
- AP-VC120F 120W 24V Relay Volume Controller**

Features :

- 24V DC Relay for Override priority announcement
- 6W ~ 120W 5 Steps Volume Controller
- 4 levels controllable Volume Range and total power off
- UV-protected off white finish and made from ABS Plastic
- Built-in transformer to control the PA 100V or 70V line loudspeakers
- Surface mount installation

APPLICATIONS

Technical Specifications

Model No.	AP-VC5F	AP-VC30F	AP-VC60F	AP-VC120F
Power Rating	6W	30W	60W	120W
24V Relay Override	Yes			
Line Input	100V or 70V			
Volume Step	5 steps Resistive, Mono			
Attenuation Per Step	3dB			
Total Attenuation	33dB			
Enclosure	UV-protected ABS			
Color	White			
Mounting Way	Surface mount or in-wall mount			
Product Depth	50mm	60mm	60mm	60mm
Outer Plate Dimension	86(W)×86(D)mm			
Weight	<200g
